

Join the Transitions Certified Partner Program and Become a Recognized Transitions Specialist

When you complete our training and assessment, you become a certified Transitions Specialist, meaning you'll be expertly versed in how light sensitivity impacts overall eye health, talking to patients to identify light sensitivities and recommending smart light control solutions from *Transitions® lenses*.

With this program, receive these perks:

Framed certificate

Official lapel pin

Social content

Plus! Ability to earn extra selling tools along the way

Courses Include:

LIGHT IS LIFE:

“The Universal Needs for Light Management”

LIGHT UNDER CONTROL:

“The Benefits of Transitions Light Intelligent Lenses”

MASTERS OF LIGHT:

“The Role of a Transitions Specialist”

TRANSITIONS SIGNATURE GEN 8:

“New Technology. New Frontier of Performance.”

Become a Certified Transitions Provider

After three or more people in your practice become Transitions Specialists, your practice has the option to become a Transitions Certified Provider. This shows your practice's dedication to identifying light sensitivity and helping protect patients with Transitions lenses.

Certified Transitions Providers Receive:

Special recognition badge on the Transitions.com ECP locator

Window cling to promote Certified Transitions Provider status

Social posts to utilize on practice social channels
